Global Expedited Package Services 8
(MC2017-183 and CP2017-284)
Negotiated Service Agreement

Docket No. CP2017-308

PUBLIC REPRESENTATIVE COMMENTS ON
POSTAL SERVICE NOTICE CONCERNING AN
ADDITIONAL GLOBAL EXPEDITED PACKAGE SERVICES 8
NEGOTIATED SERVICE AGREEMENT

(September 21, 2017)

The Public Representative hereby provides comments pursuant to the Commission's Notice of Initiation of this docket.¹ In that Notice, the Commission established the above-referenced docket to receive comments from interested persons, including the undersigned Public Representative, on a Postal Service Notice of filing a functionally equivalent Global Expedited Package Services 8 (GEPS 8) negotiated service agreement (Agreement).²

The Postal Service's Notice includes a public (redacted) version of the Agreement, a certification of compliance with 39 U.S.C. § 3633(a) as required by 39 C.F.R. § 3015.5(c)(2), Governors' Decision No. 11-6, and supporting financial models. Full (unredacted) versions of these documents were also filed under seal.

¹ PRC Notice Initiating Docket No. CP2017-308, September 15, 2017 **Error! Reference source not found.**

² Notice of United States Postal Service of Filing a Functionally Equivalent Global Expedited Package Services 8 Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, September 14, 2017 (Notice).

GEPS 8 agreements offer prices to mailers sending items directly to foreign destinations using Priority Mail Express International (PMEI), Priority Mail International (PMI), First-Class Package International Service (FCPIS), and Commercial ePacket (CeP). Notice at 4. Prices offered pursuant to an agreement may differ depending upon the volume or postage commitments made by the mailers. *Id.*

Prices and classifications “not of general applicability” for GEPS agreements were previously established by Governors’ Decision No. 08-7.³ In Order No. 86, the Commission established GEPS as a product on the competitive product list.⁴ At the time the Public Representative’s comments were submitted, the Commission was still evaluating the Postal Service’s request to add the GEPS 8 product to the competitive product list (MC2017-183) along with the GEPS agreement (CP2017-284) that is intended to serve as the baseline agreement for functional equivalence comparisons with future agreements⁵, subject to approval by the Commission.

The effective date of the Agreement is intended to be October 1, 2017. The Agreement is expected to remain in effect for one calendar year from the effective date, subject to early termination provisions. *Attachment 1 at 3.*

The Postal Service states that the Agreement is functionally equivalent in all pertinent respects to the intended baseline agreement and is in compliance with the requirements of 39 U.S.C. § 3633. Notice at 3. The Postal Service therefore requests that the Agreement be added to the GEPS 8 product grouping. *Id.*

³ See Docket No. CP2008-5, United States Postal Service Notice of Filing Redacted Copy of Governors’ Decision No. 08-7, May 6, 2008 (Governors’ Decision No. 08-7). A redacted copy of the Governors’ Decision was also filed as Attachment 3 to the Notice. An unredacted copy of the Governors’ Decision was filed previously under seal. Docket No. CP2008-4, Notice of United States Postal Service of Governors’ Decision Establishing Prices and Classifications for Global Expedited Package Service Contracts, May 20, 2008.

⁴ Docket No. CP2008-5, Order Concerning Global Expedited Package Services Contracts, June 27, 2008 (Order No. 86).

⁵ Docket Nos. MC2017-183 and CP2017-284, Request of the United States Postal Service to Add Global Expedited Package Services 8 Contracts to the Competitive Products List, and Notice of Filing (Under Seal) of Contract and Application for Non-Public Treatment of Materials Filed Under Seal, September 5, 2017 (GEPS 8 Request).

COMMENTS

The Public Representative has reviewed the Postal Service's Notice, the Agreement, and supporting financial model filed under seal as part of the Notice. Based upon that review, the Public Representative concludes that the Agreement is functionally equivalent to the intended baseline agreement as it was initially filed with the Commission. In addition, it appears that the negotiated prices in the Agreement should generate sufficient revenues to cover costs.

Functional Equivalence. The Postal Service asserts that the Agreement shares similar cost and market characteristics as those of the contract that is the subject of Docket No. CP2017-284, which is intended to serve as the baseline agreement for the GEPS 8 product grouping. *Id.* at 4. However, the Postal Service identifies differences between the Agreement and the intended GEPS 8 baseline agreement. *Id.* at 4-5. Most of these differences are specific to the customer (e.g., the customer's name and address). Other differences between the Agreement and the intended GEPS 8 baseline agreement include revisions to paragraphs; revisions to numerous existing articles, as well as deletion, addition and renumbering of some articles; and farevisions to Annexes 1, 2, and 3. *Id.*

The Postal Service maintains that these differences do not affect either the fundamental service the Postal Service is offering or the fundamental structure of the contract. *Id.* at 5. The Public Representative concludes that the Agreement exhibits similar cost and market characteristics to the intended baseline agreement. However, the Public Representative also notes that the intended baseline agreement has not yet been approved by the Commission. Accordingly, substantive changes made to the intended baseline agreement in response to Commission directives may result in the emergence of functional differences between the cost and market characteristics of the Agreement and those of the baseline agreement which is ultimately approved by the Commission. As such, the Public Representative recommends that the Commission reevaluate the functional equivalence of the Agreement once the baseline agreement has been established before adding it to the GEPS 8 product.

39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service.

As presented, the Postal Service's financial model does not directly address whether the addition of the Agreement to the GEPS 8 product will result in the product as a whole covering costs as required by 39 U.S.C. § 3633(a)(2). However, the Postal Service's financial model indicates that the negotiated rates in the Agreement will generate sufficient revenue to cover its attributable costs. Therefore, the addition of the Agreement to the GEPS 8 product will not cause the product's cost coverage to fall below 100 percent - assuming the product currently covers its attributable costs. Under this assumption, the addition of the Agreement should allow the GEPS 8 product to continue to comply with 39 U.S.C. § 3633(a)(2), and should not result in competitive products as a whole being subsidized by market dominant products, in accordance with 39 U.S.C. § 3633(a)(1). Moreover, the GEPS 8 product should improve the likelihood that competitive products as whole contribute an appropriate share to the Postal Service's institutional costs, consistent with 39 U.S.C. § 3633(a)(3). The Commission will have an opportunity to review the financial results for the Agreement in a future ACD Report for compliance with 39 U.S.C. 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.

Timothy J. Schwuchow
Public Representative
